Home / [Labortops_Q3_2025](#) / 2in1 KITs with Short Thread Vials ND9 (wide opening) p LLG-Labware

Product Data

2in1 KITs contain 100 vials (1.5 ml) and 100 closures in an orange PP-Box. As both components are always required at the same time, 2in1 KITs are a convenient way to obtain and store all required items for analysis. All advantages of the individual components (cleanroom packaging of the vials, recloseability of the packaging, etc.) remain unchanged.

- With hole: Yes
- Material septa: Silicone/PTFE

Item No.	description	Price
600.0035.60	100 short thread vials clear without labelling field with cap blue with septum white/red	CHF 47.70
