Product Data

Two-piece adhesive hook-and-loop strips to fix the b.safe Disc Sensor (cat. no. 94.R640.05) to the container to be monitored. Especially suitable for containers that have to be reused after emptying.

Applications

One piece with self-adhesive back can be stuck outside of the container, the second on the rear side of the disc sensor without covering the sensor surface. By means of hook-and-loop, the sensor can be attached to the container. For emptying, the sensor can easily be removed and afterwards attached again to its correct position.

Item No.	length	width	Price
94.R648.01	25 mm	25 mm	CHF 10.90

* The prices are non-binding and are to be understood as selling prices in Swiss francs without value added tax (VAT), as well as all other fees, charges and taxes. The prices displayed in the eShop may differ from the PDF file due to regular updates.

** Please note that when ordering chemicals and detergents, transport and packaging costs for hazardous goods as well as legally prescribed fees are charged. These will be shown in detail on the order confirmation, which you will receive in addition to the confirmation of receipt.
