Product Data

uvex phynomic lite – the lightest glove in its class

The uvex phynomic series is ideal for all types of work where a high level of feeling is required. These safety gloves are like a "second skin" and are especially light and flexible – without making your hands immediately sweaty. The uvex phynomic lite is extremely lightweight, with a composition that makes it suited to particularly delicate tasks.

General features

- the most lightweight safety glove in its class, preventing the onset of fatigue
- aqua-polymer impregnation on palm and fingertips
- colour: white
- available in sizes: 5 to 12

Comfort features

- very high level of breathability with the porous coating, which reduces sweating
- outstanding tactile sensation when handling small parts
- perfect fit with 3D Ergo technology
- excellent skin tolerance, confirmed by dermatologists (uvex pure Standard)
- free of harmful substances in accordance with OEKO-TEX® Standard 100
- excellent skin tolerance, – confirmed by the proDERM Institute for Applied Dermatological Research (proDerm studies: 11.0356-02, 11.0482-11)

Protection features

- certified to EN 388 (2 1 2 1 X)
- good mechanical abrasion resistance thanks to the very thin but highly durable aqua-polymer impregnation
- good grip in dry and slightly damp areas

Technical data

- Material: Elastane, Polyamide (PA)
- Standards: EN 388:2016 + A1:2018, EN ISO 21420:2020
