Product Data

Reliable, comfortable and energy-efficient - that's how vacuum drying works today. Separately adjustable and directly heated thermoshelves ensure precise temperature control and, thanks to the digital pressure control, the chamber load is not only dried at high speed but also extremely gently in our powerful and robust vacuum drying oven. Together with the speed-controlled vacuum pump, the vacuum oven VO forms an unbeatable energy-efficient duo. The pump is perfectly tidied away in the matching base cabinet.

- Temperature range up to +200 °C
- Vacuum control range: 5 to 1100 mbar
- 3 model sizes (29 to 101 litres volume)
- 1 model variant: TwinDISPLAY

- Anti-splinter, VDE-tested door construction for all models
- Pump control: Optimised rinsing of the pump membrane as well as signal output for switching the pump ON/OFF according to requirements.
- Optional: Pump base cabinet and energy-efficient vacuum pump
